

Thames Valley District School Board

Our school is committed to providing all students with a safe, caring, and inclusive learning environment free from bullying and harassment that promotes respect, acceptance, and empathy.

Our staff, students, parents, and community will work together as a team to make our school safe and welcoming for everyone.

Safe and Inclusive School Plan

Ensuring Positive Learning Environments

This year we are focusing on building healthy relationships.

We are doing this to: refine/provide students with the tools to engage in more effective problem solving of social conflict with their peers.

Throughout the year, we will be:

1. Celebrating positive acts throughout the school.
2. Using Restorative Circles when problem solving conflict.
3. Engaging with our community partners and families/guardians about fostering healthy relationships.

Community/Home Connections

Ask your child about an act of kindness that they did throughout the day OR one that they benefited from.

Instead of asking your child “WHY”...

Try these questions: What happened? What were you thinking of at the time? What have you thought about since? Who has been affected by what you have done? In what way? What do you think you need to do to make things right?
